This 3-Hour course was created to teach officers how to successfully identify common and uncommon concealment areas in household items, internet purchased items, altered devices and specially designed armaments all made with criminal intent to conceal dangerous and deadly weapons.

This class will present students with the tools to understand the functional designs criminals use to conceal every type of weapon designed to injure or kill law enforcement personnel.

Identifying Hidden Weapons uses specific Tactical Advantage and Officer Safety Procedures to provide students with effective techniques designed to enhance their ability to recognize and uncover expertly concealed armaments, while remaining tactically sound during the recovery and extraction process.

Topics we'll cover include:

- **Where and How Concealed and Dangerous Weapons Can Be Obtained Today**
- **What Are We Looking For Today?**
- **Methodical Search Techniques**
- **Officer Safety Techniques Every Police Officer Should Utilize While Searching**
- **Officer Deaths Due to Hidden Weapons**
- **Ten Deadly Sins of Concealed Weapons**
